

TECHNICAL DATA SHEET

CRYSTAL CLEAN

UPDATED 01/25/2023

DESCRIPTION

Graphenoil Crystal Clean is an advanced disinfectant used to create an active barrier on surfaces. Photocatalytic TiO2 and Graphene helps keep surfaces clean and purifies (ionizes) the air. Water-based, Crystal Clean is a non-hazardous, non-flammable, and non-toxic disinfectant. Helps to improve cleaning surfaces over time and results, while reducing volatile organic compounds and allergens. Environmentally friendly for asthmatic and allergic persons. Works great in homes, offices, automobiles, ships, buses, and institutions such as schools, hospitals, daycare centers, churches, correctional facilities. and more.

APPLICATIONS

Inorganic and organic substrates.

PHYSICAL PROPERTIES

AppearanceLiquidPhysical StateLiquidColorWhite / CreamActive IngredientWater, Graphene, and TiO2

METHOD OF USE

Aplied using a cold spray fogger.

STORAGE & HANDLING

Keep container closed until use. Keep out of direct sunlight and heat. Discard waste appropriately.

DIRECTIONS

Crystal Clean can be applied to organic or inorganic substrates by fogging. Clean surfaces prior to fogging. Apply Crystal Clean with a cold spray fogger. Allow surfaces to drain and dry completely before operations are resumed.

NOTES

The data contained herein are furnished for information only and are believed to be reliable. We cannot assume responsibility for the results obtained by others over whose methods we have no control. It is the user's responsibility to determine suitability for the user's purpose of any production methods mentioned herein and to adopt such precautions as may be advisable for the protection of property and of persons against any hazards that may be involved in the handling and use thereof.

In light of the foregoing, Graphenoil specifically disclaims all warranties expressed or implied, including warranties of merchantability or fitness for a particular purpose, arising from sale or use of Graphenoil products. Graphenoil specifically disclaims any liability for consequential or incidental damages of any kind, including lost profits.

The discussion herein of various processes or compositions is not to be interpreted as representation that they are free from domination of patents owned by others or as a license under any Graphenoil patents that may cover such processes or compositions. We recommend that each prospective user test his proposed application before repetitive use, using this data as a guide. This product may be covered by one or more United States or foreign patents or patent applications.

TRADEMARK USAGE

Except as otherwise noted, all trademarks in this document are trademarks of Graphenoil in the USA and elsewhere. * denotes a trademark registered in the U.S. Patent and Trademark Office. Any and all Graphenoil marks may not be used without prior consent.
